ABSTRACT

This book provides an authoritative account of the first significant overseas diplomatic missions and forays made by Indian civil servants. It recounts the key events in the formative decades of Indian foreign policy and looks at the prominent figures who were at the centre of this decisive period of change.

The book explores the history and evolution of the civil and foreign services in India during the last leg of British rule and the following era of post-independence Nehruvian politics. Rich in archival material, it looks at official files, correspondences and diaries documenting the terms served by the pioneers of Indian diplomacy, Girja Shankar Bajpai, K.P.S. Menon and Subimal Dutt, in Africa, China, the USSR and other countries and their relationship with the Indian political leadership. The book also analyses and pieces together the activities, strategies, worldviews and contributions of the first administrators and diplomats who shaped India's approach to foreign policy and its relationship with other political powers.

An essential read for researchers and academics, this book will be a useful resource for students of international relations, foreign policy, political science and modern Indian history, especially those interested in the history of Indian foreign affairs. It will also be of great use to general readers who are interested in the history of politics and diplomacy in India and South Asia.

ABSTRACT

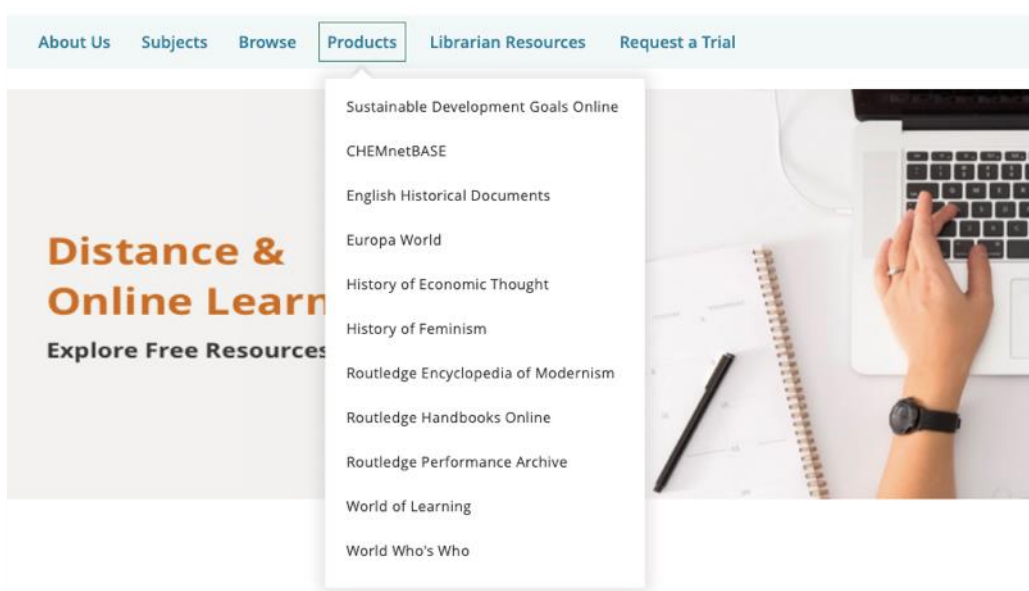

This chapter presents an overview of the period of transition in British India which led to the Indianisation of the Civil Services and saw the emergence of Indian administrators who represented India in international forums and led diplomatic missions overseas. It reflects on the strong impressions left by the first Indian prime minister, Jawaharlal Nehru, on global affairs and the prominent diplomats who shaped the course of Indian foreign affairs and diplomatic ties with other nations post-independence.

This chapter provides an overview of the period of transition in British India which led to the Indianisation of the Civil Services and saw the emergence of Indian administrators who represented India in international forums and led diplomatic missions overseas. It focuses on the strong impressions left by the first Indian prime minister, Jawaharlal Nehru, on global affairs and the prominent diplomats who shaped the course of Indian foreign affairs and diplomatic ties with other nations post-independence. British India's activities on the international floor during the interwar period had various facets. The chapter explains how the issue of Indians overseas became a national concern before the outbreak of the Great War. Since the colonial power was unwilling to fulfil promises for more Indian rights in return for British India's contribution to the war, the GoI adopted the struggle for fair wages and political emancipation of people of Indian origin abroad.

UPDATED MARC RECORDS

We recommend updating your MARC records to ensure you get the full benefit from this upgrade.

We have partnered with **OCLC** to provide WorldCat records at no additional cost to libraries. OCLC provides new and delete records as our collections change over time, and also gives libraries the option of profiling when to receive ongoing MARC record updates as they are enriched by the expert library community.

Libraries who have an active OCLC cataloging subscription can follow the simple steps outlined in this [documentation](#) to take advantage of this benefit.

For Taylor & Francis subscribers who do not have an OCLC cataloging subscription, OCLC has developed a setup wizard to guide them through the process. OCLC has created a [video](#) and [documentation](#) that walks through the setup wizard process.

Any library questions can be directed to [OCLC Support](#).

[Set up automated MARC records collections via OCLC](#)

OCLC works with Taylor & Francis to automatically add and maintain your knowledgebase collection data. Get WorldCar records, holdings, and full-text links for content from Taylor & Francis: <http://oc.lc/taylorfrancis>
